Hey there! I'm a Data Science student at Manipal Institute of Technology, passionate about AI, coding challenges, poetry, and marathons.

## Hobbies & Interests

---

- Capture The Flag (CTF) competitions(They really make me cry )
- Poetry Writing and Doodling
- Thriller and Horror Movies
- Exploring new places in and around Manipal with my friends
- Listening to music(I am more of a lyrics person)

## Projects

---

1. CampusGPT - AI-powered campus assistant(I tried making this using Replit while I was learning Web Dev during my 1st sem)
2. Verdure - Sustainable product marketplace

3. TellATale - AI-generated children's story app
